

God who births us fully gifted

God who births us fully gifted,
Offerings of love we bring
As we stand at fresh beginning
Hear us as our hopes we sing Pastor,
people, friends, companions,
Gathered, to God's grace we cling!

God who calls us out of hiding
Calm our fears, our quakes reveal;
Set our sight on Christ, our life-light
Sharing bread in simple meal.
Pastor, people, friends, companions,
Gathered, may our lives be healed!

God whose joy is found in justice,
Speak to us your word of life;
Give us wisdom, humour, courage;
Show us how to choose the right.
Pastor, people, friends, companions,
Gathered, make peace from our strife!

God who walked the way before us
Walk beside us as we go.
Stranger, friend, in joy or sadness
We will share the love we know.
Pastor, people, friends, companions,
Scattered, God's great hope we'll show!
